Mission

Highclere Castle Gin was created with a goal to produce the finest gin in the world. Highclere Castle Gin has won 20 prestigious gold and platinum awards becoming a leading super premium gin brand in the market forecasting over 20,000 cases to be sold in 2021. The gin is expected to become the most awarded gin in the world by summer 2021.

Founding Story

Highclere Castle Gin was developed by spirits entrepreneur Adam von Gootkin and the 8th Earl & Countess of Carnarvon. Highclere Castle Gin is crafted from ancient botanicals at Highclere Castle, famous around the world as "the real Downton Abbey." It is distilled in England's oldest gin distillery. Highclere Castle's extravagant parties have been held in style since the 1800s, hosting many of the world's most iconic names in history, culture and society over gin cocktails. Highclere Castle Gin's delicate citrus notes result from the 10 botanicals that come from Highclere's ancient estate.
