

# CANTON DISTILLERY

## BOURBON

Blended several times by the distiller. A blend of both younger and aged bourbon, this fine spirit drinks remarkably well as like a fine older bourbon. Housed in a uniquely designed and patented football decanter bottle, each is individually blown and formed in the shape of an actual professional football, right down to the laces on the glass ball. Every bottle sits on a raised pedestal base (all one molded piece) which is a clever replica of an actual football field, complete with the yard lines and end zones.
