

Peace Vodka

Colonial Craftmanship and New-Age Techniques

In the middle of the Catskill Mountains, at the edge of the Town of Bethel, **The Alton Distillery** stretches behind the stage that in 1969 hosted the most famous musical event of the twentieth century, The Woodstock Rock Festival. Our distillery celebrates the message and the spirit left in inheritance by that event that touched the whole world.

Peace Vodka, with its unusual artistic-cultural approach, takes you by surprise. Gentle, pure, sophisticated, ingenious, she entered the subconscious with colors, music, and perfumes of purity. Could it be the good water, the wheat, the copper of the stills?

Discover our Art and Music Peace Project

Tasting Notes

Nose

Gentle, sweet wheat aromas with memories of citrus and fresh herbs

Palate

Fresh and crispy like the Catskill waters, the texture has been smoothed from the Copper Pot Stills keeping the elegant and soft sweetness of new mowed grass.

Afternote

Gappy balanced sensation where fresh and sweet, dry and smooth, are in perfect harmony.

Bethel, NY

Our distillers have charted a path to be pioneers and creators of innovative changes. Aware of the giant of tradition sitting on their shoulders, they never hesitated to question the boring rules of the industry, to look for new aromatic structures and to implement alternative processing solutions. We stand with those who are committed to ensuring the use of our business as a positive force.
